

# Memorandum

To : ALL DEPUTIES

Date : April 29, 1982

Subject: Joint Public Hearing  
EPA/CDOG  
June 1 and 3, 1982

From : Department of Conservation — Division of Oil and Gas  
Sacramento

On June 1 and June 3, 1982, the Environmental Protection Agency and the Division of Oil and Gas will be conducting a joint public hearing on the Division's application for primacy to regulate Class II injection wells.

Notices detailing the 30-day review period and the public hearings are being mailed to interested persons and will be published in newspapers and the Federal Register about April 30, 1982.

The Notice states that copies of the Division's application are available for inspection and copying in the Division's district offices. Two copies of the application are being sent to each district for the public's inspection. In the event you need more copies, a limited number are available from headquarters.

Please contact Bob Reid if you need additional information .
